

GamePOD Forza skins guidelines

Bellow are our guidelines and criteria for creating 'official' **GamePOD** skins.

Logos and strap lines.

The skin must have our GamePOD logo & strap line on the bonnet and on the side of the car. Our logo and strap line is **GamePOD GAMING SEATS**

The skin must also feature our web address **gamepod.co.uk** on the side, front bumper and rear of the car.

We also have the strap lines **GAMING SEATS** and **RACE RIGS** you can also use independently around the car.

Logos from other companies are allowed on the car as long as they are seen as secondary in presence to GamePOD and are not considered a competitor to GamePOD.

File names and submission criteria

Please submit the following with all GamePOD skins

Name of car (official Forza name)

Where do I get the official GamePOD logos & strap lines?

Please contact our Head GamePOD Forza Skins Expert (we like to BIG him up) and he will 'guest' you the logos over. His Xbox Live gametag is **FCTAFF**
